Rough Draft

The Path and Destiny are Yours - Your Living Legacy is the Gift you Bring

Dear Fellow Sojourners,

This is an Overview to all the Men's Life Architecture section addresses these same topics utilizing 'the best of' Resources available from transformational innovators and program leaders.
'Men's Life Journey' is my insights into the Context and Process of creating a full-potential, fulfilling life Living One's Vision while creating a living Legacy. I wanted to separate my insights from Life Architecture I didn't want anything to distract from utilizing the Life Architecture.
The four core sections of *Life's Journey* are:

1. Men Healing & Transforming – Overcoming Challenges (This is the largest writing project including 100's a pages on Being at Cause. It will take the longest time to complete.)
2. Men Exploring OneSelf and Being True;
3. Men Experiencing Self Mastering.
4. Men Expressing Spiritual Fulfillment (This is the second largest section with many writings forthcoming from a life time on the Sacred Journey.

With Appreciation,
Love, Douglas

Mission

Create a map of navigation points to support men's Life Journey. The map is the Context, the features and paths are the Process we all can experience on our Sojourn. The compass is about knowing your True North. Exploring your True Self, Experiencing Self Mastery and Living Your Vision.

The Vision is to provide Wayfarer Journal Notes filled with insights on Life's Journey. When ever I began new adventures I read the books of those who have gone before. While the Life Architecture and Living Legacy sections are the store house of tools and technologies provisioning your aspirations, Life's Journey ia my Explorer's Journal.

Table of Conten

This is the section I'm working on now, so evolving.

Welcome Introduction *(An Intro to the whole section and all the packets.)*
1. Life Journey – Map and Compass Introduction *(Edit first)*
2. Life Journey Overview *(Overview to all the parts.)*
3. Life Journey Programs and Portal Deliverables *(functionality as a website, this might have a page like MLA's deliverables???)*
